**About Amlan International**
Oil-Dri Corporation of America (NYSE: ODC), a Delaware corporation doing business as "Amlan International," has grown its product offering across the intestinal health and AGP-alternative market, driven largely by the research conducted at its laboratory campus in Vernon Hills, Illinois. In 2017, the company added the Richard M. Jaffee Laboratory for Applied Microbiology to the campus. In 2013, the company's global reach expanded with the establishment of its China subsidiary in Shenzhen.

Amlan International sells animal health products outside of the United States. Product-associated claims may differ based on government requirements and product availability may vary by country.
