Daniel S. Jaffee stated, "Our business diversity and strategy to develop and support value-added products continues to prove effective. Net sales were an all-time record for the nine-month period.

The consolidated net income detailed above was significantly impacted by the one-time tax expense adjustment made to reflect the effect on deferred income tax assets under the 2017 Tax Cut and Jobs Act. The adjustment reduced tax expense by $\$ 1,095,000$ for the third quarter and increased tax expense by $\$ 3,996,000$ for the nine-month period. The adjustment effectively increased diluted net income by $\$ 0.15$ per share in the third quarter and reduced diluted net income by $\$ 0.54$ per share year-to-date.

Business to Business product groups showed strong performance for the nine-month period and increased net sales over the same period in fiscal 2017. Year-to-date net sales of Agsorb and Verge agricultural products improved $13 \%$ as a result of increased usage as synthetic and biological active ingredient carriers. Similarly, net sales of our fluids purification products improved 5\% driven by strong sales of Ultra-Clear attapulgite granules used to refine jet fuel. Net sales of Amlan animal health products were $7 \%$ higher. The increase was primarily attributed to further adoption of Varium and Calibrin-Z intestinal health products.

Within the Retail and Wholesale segment, sales for the quarter and the nine-month period were relatively flat while segment income was up $47 \%$ in the third quarter and $17 \%$ year-to-date. The use of more targeted promotional spending allowed for reduced advertising spending in both periods and accounted for profit improvement in the segment. At the end of this fiscal year, we expect overall advertising costs to be less than fiscal 2017.

Net sales of our private label lightweight cat litter continued to grow, up 79\% year-to-date. We believe this represents continued consumer preference for high-quality, lightweight litter and is driving our increase in market share.

Our Cat's Pride Litter for Good campaign continues to gain traction. To date, we have received over 8,400 shelter nominations and promised over $1,574,112$ pounds of litter donations. We are excited to continue to watch these numbers grow over the remainder of fiscal 2018 and years to come.

In the third quarter, we elected to contribute an incremental $\$ 11.5$ million to our pension plan before filing our 2017 income tax returns. This contribution was deductible at the previous $35 \%$ Federal tax rate and allowed us to recapture over $\$ 1$ million of the negative tax rate impact discussed above. We believe the incremental contribution also will reduce our pension expense and Pension Benefit Guarantee Corporation insurance premiums not only for the quarter, but for years to come. The contribution reduced our cash and investment balances along with our long-term pension liability. To facilitate the payment, we utilized $\$ 6$ million from our line of credit, which we anticipate paying back in the fourth quarter.

For more details on our financial results, tax adjustment and pension contribution, please review the Form 10-Q that was filed today and join us for our next earnings teleconference on June $11^{\text {th }}$. Call details are available on our website's 'Events' page."

While Oil-Dri's founding product was granular clay floor absorbents, it has since greatly diversified its portfolio. The Company's mission to "Create Value from Sorbent Minerals" is supported by its wide array of consumer and business to business product offerings. In 2016, Oil-Dri celebrated its seventy-fifth year of business and looks forward to the next milestone.

The Company will host its third quarter fiscal 2018 earnings teleconference on Monday, June 11, 2018 and its fourth quarter teleconference onMonday, October 15, 2018. Both teleconferences will commence at 10:00 am, Central Time. Dial-in details will be communicated via web alert approximately one week prior to the calls.
