June 6, 2016 8:04 PM EDT

CHICAGO, IL -- (Marketwired) -- 06/06/16 -- Oil-Dri Corporation of America (NYSE: ODC) today announced a net loss for the third quarter of fiscal 2016 of \$892,000, or (\$0.13) per diluted share, compared to net income of \$1,385,000, or \$0.19 of earnings per diluted share, in the same quarter of the prior year. Net sales of \$64,235,000 in the quarter decreased by 1% compared to net sales of \$65,196,000 in the same quarter of the prior year.

Despite the recent quarter's loss, net income for the first nine-months was \$8,352,000, or \$1.15 of earnings per diluted share, a 31% increase compared to net income of \$6,302,000, or \$0.88 of earnings per diluted share, in the same period of fiscal 2015. Net sales for the nine-month period were \$197,397,000, a 1% increase compared to net sales of \$195,883,000 in the same period one year ago.

BUSINESS REVIEW

President and Chief Executive Officer Daniel S. Jaffee said, "The \$892,000 loss reported for the quarter is primarily the result of an increase of \$7,279,000 in Selling, General and Administrative Expenses ("SG&A expense") compared to the same quarter a year ago. The increased SG&A expense was in support of our Cat's Pride Fresh & Light Ultimate Care cat litter. Our cash and short-term investments have nearly doubled in the past year despite the increased spending to support our Ultimate Care products.

"Our integrated marketing campaign featuring Katherine Heigl, which was described in depth in a press release issued on March 7, 2016, is off to a great start. In addition to network television advertising, Katherine Heigl recently appeared on the popular ABC network daytime television program 'The View,' which has millions of viewers. During the episode, she talked about Cat's Pride and our partnership with the Jason Debus Heigl Foundation. Katherine Heigl also spoke about her foundation's partnership with Cat's Pride on The Howard Stern Show, which also has millions of followers on Sirius XM radio.

"Third party market research data for the latest four-week period ending May 22, 2016 detailed that sales of Ultimate Care grew 63% and Fresh & Light grew 12%. In the twelve-week period, Ultimate Care was up 38% and Fresh & Light was up 0.5%. The two brands now have a combined market share of 2.5% for the four-week period and 2.4% for the twelve-week period.

"We also experienced continued positive results in the Business to Business segment with increases in both sales and income for the quarter and nine-month periods.

"Both segments contributed to the significant increase in gross profit margin of 28.9% compared to 22.1% for the quarter and 29.5% compared to 22.2% for the nine-month period."

Sales of our Amlan animal health products increased 13% in the quarter, driven by sales in China and other Asian markets. Year-to-date sales of Amlan products were equal to the prior year.

Our fluids purification products recorded higher sales to customers in both the quarter and the nine-month periods.

Verge engineered granules and Agsorb agricultural carriers were essentially flat for the quarter but reported 17% higher sales for the nine-month period.

Segment income improved in both periods due to lower natural gas, freight and packaging costs, which more than offset increased marketing costs supporting the launch of Varium and NeoPrime, our two newest intestinal health products.

During the quarter, we continued executing our strategy of selling more profitable cat litter and shedding lower margin products. Sales of our profitable private label lightweight products did not fully offset the sales decline in the overall coarse cat litter segment. Sales of our Cat's Pride Fresh & Light litters were up for the quarter and the nine-month periods.

The costs associated with our marketing campaign for our Cat's Pride Fresh & Light Ultimate Care products resulted in a segment loss in the third quarter. However, segment income improved over the prior nine-month period despite these increased marketing costs. A favorable product mix, reduced trade spending and lower costs for natural gas, freight and packaging contributed to the higher nine-month segment income. The costs associated with our marketing campaign are reflected in SG&A expense, while trade spending impacts net sales.
