Item2.02 Results of Operations and Financial Condition.

On October 11, 2012, Oil-Dri Corporation of America (the "Registrant") issued a press release announcing its results of operations for its fourth quarter and fiscal year ended July 31, 2012. A copy of the press release is attached as Exhibit 99.1 and the information contained therein is incorporated herein by reference. The information contained in this Item 2.02, including Exhibit 99.1, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act"), and it shall not be deemed incorporated by reference into any filing under the Exchange Act or the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

<u>Item 5.02</u> Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) Fiscal 2013 Annual Incentive Plan. At its regular meeting on October 9, 2012, the Compensation Committee of the Board of Directors of the Registrant approved the performance measures and targets to be used to determine incentive awards under the Oil-Dri Corporation of America Annual Incentive Plan (the "Plan") for the fiscal year ending July 31, 2013 ("fiscal 2013"). Under the Plan, eligible employees (including the Registrant's principal executive officer (the "CEO"), principal financial officer and the three other most highly paid executive officers for fiscal 2013 (collectively, the "Named Executive Officers")) may receive annual cash incentive awards equal to a percentage of base salary. The Plan provides for the possibility of awards based on corporate financial performance and special performance or a combination of the two. The performance measure approved for fiscal 2013 is corporate financial performance as measured by achievement of target pre-tax, pre-bonus income as specified in the Registrant's fiscal 2013 annual incentive plan. Fiscal 2013 annual incentive plan target pre-tax, pre-bonus income will differ from pre-tax income shown in the Registrant's fiscal 2013 audited consolidated financial statements in that the former will (a) include the entire amount of annual incentive plan awards, both cash and the executive deferred bonus awards described below, for fiscal 2013 and (b) subtract the amortization for prior years' executive deferred bonus awards. As a result of these differences, the performance measure under the fiscal 2013 annual incentive plan takes into consideration the full amount of any executive deferred bonus awards in the fiscal year for which they are made, rather than amortizing those awards over their vesting period. The foregoing covers only those differences known at the time of the adoption of the fiscal 2013 performance measures. The Compensation Committee and, under certain circumstances, the CEO may adjust annual incentive plan target pre-tax, pre-bonus income.

The fiscal 2013 annual incentive plan provides that employees exempt from the overtime requirements of the Fair Labor Standards Act ("exempt employees") will receive their full target bonus if the Registrant achieves 100% of its annual incentive plan target. If the Registrant achieves 110% of its annual incentive plan target, bonuses of 150% of target bonus will be paid, and if the Registrant achieves 120% of its annual incentive plan target, bonuses of 200% of target bonus will be paid. Under the Plan, bonuses are capped at 200% of target bonus. If the Registrant achieves 84% of its annual incentive plan target, bonuses of 25% of target will be paid. Additional specific targets between 84% of annual incentive plan target and 120% of annual incentive plan target were also approved. If performance falls between two of the specified targets, the bonus payment percentage will be prorated.

Employees not exempt from the overtime requirements of the Fair Labor Standards Act and not covered by a collective bargaining agreement ("non-exempt employees") will receive their full target bonus of 7.5% of pay if the Registrant achieves 84% or more of its annual incentive plan target. Bonuses for these employees are capped at 100% of target bonus.

The Plan also provides for the possibility of executive deferred bonus awards for the Registrant's senior management (including the Named Executive Officers). The fiscal 2013 performance measures and targets for executive deferred bonus awards under the Plan are the same as those listed above for exempt employees, except that no executive deferred bonus awards will be made unless 75% of target bonus is earned (meaning the Registrant has achieved 75% of its annual incentive plan target). Executive deferred bonus awards earned in fiscal 2013 will vest and be payable at the end of three years, on July 31, 2016, provided the participant is employed by the Registrant at that time. The Plan specifies certain events which may result in earlier vesting. All of the Named Executive Officers (except the CEO and the Vice President of Manufacturing) and certain other members of senior management are participants in the executive deferred bonus portion of the Plan for fiscal 2013. See the last paragraph below for further information relating to the CEO and the Vice President of Manufacturing.

Target bonuses for the cash portion of the Plan range from 4% to 50% of base salary; target bonuses for the executive deferred bonus portion range from 10% to 25% of base salary. The specific percentage for both the cash and executive deferred portions of the Plan are generally determined by each eligible employee's salary grade. Essentially all salaried employees of the Registrant and its domestic subsidiaries, and certain employees of its United Kingdom and Canadian subsidiaries, are eligible to participate in the Plan.

The bonus opportunity for fiscal 2013 as a percent of base salary (as of the end of fiscal 2013) that each Named Executive Officer would receive if threshold, targeted and maximum performance is achieved is shown below:

	Bonus Opportunity as a % of Base Salary								
		Threshold			Target		Maximum		
	Cash	Deferred	Total	Cash	Deferred	Total	Cash	Deferred	Total
	Bonus	Bonus	Bonus	Bonus	Bonus	Bonus	Bonus	Bonus	Bonus
Daniel S. Jaffee President and Chief Executive Officer	12.50%	0%	12.50%	50.00%	0%	50.00%	100.00%	0%	100.00%
Daniel T. Smith Vice President and Chief Financial Officer	7.92%	0%	7.92%	31.67%	20.00%	51.67%	63.34%	40.00%	103.34%
Thomas F. Cofsky Vice President of Manufacturing	10.00%	0%	10.00%	40.00%	0.00%	40.00%	80.00%	0.00%	80.00%
Douglas A. Graham Vice President, General Counsel and Secretary	7.92%	0%	7.92%	31.67%	12.00%	43.67%	63.34%	24.00%	87.34%
Thierry R. Jean Vice President and General Manager, Consumer Packaged Goods	8.75%	0%	8.75%	35.00%	15.00%	50.00%	70.00%	30.00%	100.00%

Note: The percentages shown above are based on the salary grades of the Named Executive Officers as of October 9, 2012 and may change if the salary grade of a Named Executive Officer changes during the remainder of fiscal 2013.

The Plan gives the CEO the discretion to adjust the performance measures, targets and payout ranges used for incentive purposes for the applicable fiscal year if the CEO determines such change is desirable in the interest of equitable treatment of our employees and the Registrant as a result of, among other things, extraordinary or nonrecurring events, a corporate reorganization or any other change in circumstances or event; provided, however, that in no event may any employee receive a bonus greater than 200% of target under the plan.

In addition to the discretionary authority of the CEO described above to adjust the performance measures, targets and payout ranges for eligible employees generally, the CEO may also exercise discretion in determining the incentive bonus to be paid under the Plan to any employee, including the Named Executive Officers (except himself), by:

- · Increasing or decreasing any participant's percent of corporate financial performance bonus earned by up to 25 percentage points, subject to limitations specified in the Plan. For example, if according to the corporate financial performance measure 75% of the corporate financial performance bonus has been earned, the CEO may adjust an individual participant's percent of corporate financial performance bonus earned to as little as 50% or as much as 100%.
- · Adjusting individual executive deferred bonus awards downward or upward, based on the participant's individual performance and/or the performance of the participant's department or division.

· Awarding a bonus under the annual incentive plan of up to 25% of target bonus (and up to 100% of target bonus for non-exempt employees) if the Registrant fails to achieve the minimum performance otherwise required for payment of an award.

The foregoing summary is qualified in its entirety by reference to the full and complete terms of the Plan, which was attached as Exhibit 10.1 to the Registrant's Current Report on Form 8-K filed on October 13, 2006, and which is incorporated herein by reference.

The CEO and Vice President of Manufacturing have each requested that they not be eligible for an executive deferred bonus award under the Plan in fiscal 2013. At its October 9, 2012 meeting, however, the Compensation Committee stated its current intention to grant to the CEO and Vice President of Manufacturing, at a meeting following the end of fiscal 2013, an award of restricted shares of Class B Stock under the terms of our 2006 Long Term Incentive Plan. If granted, the dollar value of the restricted shares award would be calculated to equal the amount, if any, of the executive deferred bonus award each would have received under the Plan as a result of our corporate financial performance in fiscal 2013, had the CEO and Vice President of Manufacturing been participants in that portion of the Plan. That dollar value would then be divided by the average closing sale price of the Registrant's Common Stock for the 30 trading days preceding the date of grant (or another similar measure determined to be appropriate by the Compensation Committee) to establish the actual number of restricted shares granted. If any restricted shares are in fact granted, those shares would "cliff" vest in full on July 31, 2016.

Oil-Dri Announces Fourth Quarter and Fiscal Year 2012 Results

CHICAGO – (October 11, 2012) – Oil-Dri Corporation of America (NYSE: ODC) today announced record net sales of \$240,681,000 for the fiscal year ended July 31, 2012, a 6% increase compared with net sales of \$226,755,000 for the previous fiscal year. Net income for the fiscal year was \$6,098,000, or \$0.85 per diluted share, a 33% decrease compared with net income of \$9,051,000 or \$1.26 per diluted share for the previous fiscal year.

Net sales for the fourth quarter were \$61,116,000, a 6% increase compared with net sales of \$57,731,000 in the same quarter one year ago. The Company reported a net loss for the quarter of \$108,000, or (\$0.02) per diluted share, compared with net income of \$2,895,000, or \$0.40 per diluted share, in the same quarter one year ago.

FISCAL YEAR BUSINESS REVIEW

President and Chief Executive Officer Daniel S. Jaffee said, "This year's results reflect one-time charges and new product spending that negatively impacted earnings.

"A one-time, pre-tax charge of \$1,623,000 was taken in the fourth quarter following an announcement we made in the third quarter to relocate coarse clay production from our plant in Mounds, Illinois to our plants in Mississippi. \$1,200,000 of these charges was for non-cash asset write-offs, and the balance was for severance and other employee related expenditures related to the relocation. We are continuing to assess the long-term economics of the Mounds plant. Mining and processing has become relatively more costly in Illinois than at other Oil-Dri plant locations. Oil-Dri is fortunate to operate five plants throughout the country and will continue to rationalize our production capacity to our best long-term advantage.

"Our results also reflect continued investment in advertising and promotional activities for the launch of Cat's Pride Fresh & Light cat litter. This fiscal year we spent approximately \$7,800,000 more in advertising support for our consumer products than the previous fiscal year. In the fourth quarter we spent approximately \$2,800,000 more in advertising than the previous fourth quarter.

"Our Business to Business Products Group achieved significant sales and volume growth in the fiscal year driven by increased products sold to agricultural, edible oil, and animal health markets.

"We were also able to maintain a strong balance sheet, buy back a substantial amount of stock and increase dividends, all which provided value to our stockholders while continuing to invest in our business."

FISCAL YEAR SEGMENT REVIEW

Business to Business Products Group

	Fourth	Fourth Quarter		Fiscal Year		% Change
	2012	2011		2012	2011	
Net Sales	\$21,289,000	\$19,047,000	12%	\$85,456,000	\$74,479,000	15%
Segment Income	\$ 7,725,000	\$ 4,884,000	58%	\$28,643,000	\$19,504,000	47%

Net sales for the Company's **Business to Business Products Group** were up for the fiscal year driven by a higher average net selling price, increased volume and a favorable product sales mix. Group income was up in the fiscal year due to higher sales but was partially offset by higher costs. Net sales of agricultural carriers, fluids purification and animal health products increased while sales of copackaged cat litters decreased along with the general decline of coarse cat litter products. Verge granules generated incremental sales from the professional pesticide and agricultural markets. Animal health products benefited from an increase in volume and a favorable product sales mix.

Retail and Wholesale Products Group

	Fourth	Quarter	% Change	Fisca	l Year	% Change
	2012	2011		2012	2011	
Net Sales	\$39,827,000	\$38,684,000	3%	\$155,225,000	\$152,276,000	2%
Segment Income	\$ (181,000)	\$ 2,462,000	(107%)	\$ 2,098,000	\$ 10,439,000	(80%)

Net sales for the Company's **Retail and Wholesale Products Group** were up for the fiscal year due to increased distribution and volume of branded cat litters. Group income was down due to significant spending for promotional activity and higher costs for packaging, transportation and materials. Cat's Pride Fresh & Light cat litter and other scoopable litter sales and volume were up due to growth with many of the company's retail partners. The increase in net sales and volume of scoopable cat litters was partially offset by the continued decline of branded and private label coarse litters. Net sales of floor absorbents and other industrial absorbents were flat for the year. Sales of the Company's foreign subsidiaries were down due to strong competition.

FINANCIAL REVIEW

On June 14, 2012, Oil-Dri's Board of Directors increased quarterly cash dividends to \$0.18 per share of outstanding Common Stock and \$0.135 per share of outstanding Class B Stock. The dividends were payable August 31, 2012 to stockholders of record at the close of business on August 17, 2012. The Company has paid cash dividends continuously since 1974 and has increased dividends annually for the past nine years.

At the end of the fourth quarter, the annualized dividend yield on the Company's Common Stock was 3.3%, based on the quarter's stock closing price of \$21.93 per share and the latest cash quarterly dividend of \$0.18.

Net cash provided by operations was \$23,339,000 compared with \$13,108,000 in the previous fiscal year. Cash, cash equivalents and short-term investments at July 31, 2012, totaled \$36,256,000. Capital expenditures for the fiscal year totaled \$6,960,000, which was \$2,312,000 less than the fiscal year's depreciation and amortization of \$9,272,000.

LOOKING FORWARD

Jaffee continued, "We will continue to invest in our Cat's Pride Fresh & Light cat litter at a reduced level from fiscal 2012, but still higher than what we have historically spent marketing our brands. In the coming fiscal year we will focus on customer-targeted campaigns. We believe these efforts will positively impact the Company's earnings in fiscal 2013."
