PROXY STATEMENT

GENERAL

This Proxy Statement and the accompanying proxy are being mailed on or about October 31, 2003, to all holders of record of outstanding shares of the Company's Common Stock and Class B Stock at the close of business on October 24, 2003. Proxies are being solicited on behalf of the Board of Directors for use at the 2003 Annual Meeting of Stockholders, notice of which accompanies this Proxy Statement. Any stockholder giving a proxy has the power to revoke it at any time prior to the exercise thereof by executing a subsequent proxy, by notifying the Secretary of the Company of such revocation in writing (such notification to be directed to him at the Company's offices at 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611-4213), or by attending the annual meeting and voting in person. IF NO CONTRARY INSTRUCTION IS INDICATED IN THE PROXY, EACH PROXY WILL BE VOTED "FOR" THE ELECTION OF THE NINE NOMINEES NAMED BELOW TO THE BOARD OF DIRECTORS AND "FOR" THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS, LLP AS INDEPENDENT AUDITORS.

The Company will pay the costs of this solicitation of proxies for the annual meeting. In addition to using the mails, officers and certain other regular employees of the Company may solicit proxies in person or by telephone, electronic mail, or facsimile. The Company may reimburse brokers and others who are record holders of Common Stock and Class B Stock for their reasonable expenses incurred in obtaining voting instructions from the beneficial owners of such stock.

VOTING

The record date for the determination of stockholders entitled to vote at the meeting is October 24, 2003, at the close of business. Holders as of the record date of outstanding shares of Common Stock and Class B Stock are entitled to vote at the meeting. Holders of Common Stock are entitled to one vote per share and holders of Class B Stock to ten votes per share (on a non-cumulative basis for each director to be elected when voting for the election of directors) and vote together without regard to class (except that any amendment to the Company's Certificate of Incorporation changing the number of authorized shares or adversely affecting the rights of Common Stock or Class B Stock requires the separate approval of the class so affected as well as the approval of both classes voting together). Holders of Class B Stock are entitled to convert any and all of such stock into Common Stock on a share-for-share basis at any time and are subject to mandatory conversion under certain circumstances. As of the record date, 4,028,300 shares of Common Stock and 1,422,842 shares of Class B Stock were outstanding.

ELECTION OF DIRECTORS

The election of directors requires a plurality of votes cast. Accordingly, only proxies and ballots marked for all nominees listed (including executed proxies not marked with respect to election of directors, which will be voted for all listed nominees), or voting for some, but not all nominees, by specifying that votes be withheld for one or more designated nominees, are counted to determine the total number of votes cast for the various nominees, with the nine nominees receiving the largest number of votes being elected. Abstentions and broker non-votes have no effect on the outcome of the election of directors.

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The affirmative vote of the majority of the votes present in person or represented by proxy is necessary for the ratification of the selection of PricewaterhouseCoopers, LLP as the Company's independent auditors. Thus an abstention will effectively be treated as a vote against the ratification while a broker non-vote will have no effect on the outcome.

The plan provides for pensions based on credited years of service and cash compensation (excluding compensation paid under the Company's incentive bonus plan) during the highest paid consecutive five years during the last ten years of employment. The following table presents estimated annual retirement benefits payable under the pension plan and a supplemental executive retirement plan upon normal retirement at age 65 and is computed on the basis of a 5-year certain and life annuity. The benefits listed are not subject to a deduction for social security or other offset amounts.

Jaffee, \$278,000, 15 years; Thomas F. Cofsky, \$153,783, 16 years; Eugene W. Kiesel, \$146,612, 5 years; Wade R. Bradley, \$147,700, 13 years; Jeffrey M. Libert, \$140,400, 13 years. Mr. Daniel S. Jaffee is currently limited to \$200,000 under the Company's plan because of applicable Internal Revenue Code limitations which became effective for the Company's pension plan on August 1, 1994.

The Company adopted a supplemental executive retirement plan during the fiscal year ended July 31, 2003. The purpose of that plan is to provide certain retired participants in the Company's pension plan with the amount of benefits that would have been provided under the pension plan but for the limitations on benefits and/or the limitation on compensation for purposes of calculating benefits imposed by the Internal Revenue Code. All pension plan participants whose benefits are affected by those limitations will be participants in the supplemental executive retirement plan. Mr. Daniel S. Jaffee is currently the only participant.

REMUNERATION OF DIRECTORS

Each director of the Company who is not also an officer of the Company received an annual retainer of \$10,000 and also a fee of \$2,000 for each Board and Compensation Committee meeting attended in person and \$1,000 for each meeting attended by telephone. Meeting fees for Audit Committee meetings only are \$2,500 and \$1,500, respectively. Mr. Richard M. Jaffee, a retired officer of the Company, did not receive an annual retainer or any meeting fees.

Mr. Allan H. Selig and Mr. J. Steven Cole each received an additional retainer of \$2,500 and \$5,000 as compensation for their roles as chairman of the Compensation Committee and the Audit Committee, respectively.

In addition to their director remuneration, during the fiscal year ended July 31, 2003, Mr. Ronald B. Gordon, Mr. Thomas Kuczmariski and Mr. Joseph C. Miller were paid \$12,500, \$10,500 and \$27,500, respectively, for consulting services.

Mr. Richard M. Jaffee relinquished an immediate lump sum payment of \$300,000 due to him from the Company at his retirement as a full-time employee of the Company on January 31, 2001 and agreed to serve as a consultant to the Company for a period of five years at an annual fee of \$185,000. In addition, Mr. Jaffee earns during the consulting period an annuity payable to him as a benefit of \$3,810 monthly at the end of the consulting period, with payment at his death of the remaining value of this annuity to his wife, or if she should predecease him, to his designee or estate. The economic benefit to Mr. Jaffee of this agreement to pay an annuity was estimated to be \$79,380 for the fiscal year ended July 31, 2003.

The Company provides split dollar joint survivorship life insurance policies in the aggregate amount of \$10,000,000 on the lives of Richard M. Jaffee and his wife, with payment to be made on the death of the last to survive. The premiums paid by the Company on the policies are charged to an open account established by the Company. No interest accrues on the balance of the open account. On the death of the last surviving insured, the estate of the deceased is obligated to pay the balance of the deceased's open account in full. No premiums were paid on these policies during the fiscal year ended July 31, 2003. It is presently anticipated that the Company will not pay any further premiums. Mr. Jaffee received a payment of \$1,292 to cover the taxes on the economic benefit of the term life component of the policy that Mr. Jaffee recognized as income.

Under the Oil-Dri Corporation of America Deferred Compensation Plan, the Company's directors were eligible to defer all or a portion of their directors' compensation and consulting fees with a return equal to one percent more than the Company's long term cost of borrowing. Mr. Richard M. Jaffee deferred \$46,250 of his compensation for consulting into the plan during the fiscal year ended July 31, 2003.

There are 15,000 shares of Common Stock reserved from Treasury shares for future grants under the Oil-Dri Corporation of America Outside Directors' Stock Plan.

REPORT OF THE COMPENSATION COMMITTEE
OF
OIL-DRI CORPORATION OF AMERICA
ON
EXECUTIVE COMPENSATION

COMPENSATION POLICY

Oil-Dri's compensation policy is to provide its executive officers and other salaried employees with compensation opportunities competitive with comparable size companies, reflecting annual incentive opportunities commensurate with Company performance and level of responsibility, while allowing for recognition of divisional and individual performance. In determining the marketplace, Oil-Dri refers to salary surveys prepared and published by several large consulting firms. The companies represented in the surveys, which participate on a voluntary basis, are not the same group as that included in the Peer Group on the Performance Graph. On occasion the Company also uses the services of outside consultants. Using these sources, the Company sets its compensation policy to reflect the median of the marketplace. Further aligning compensation with overall Company performance, Oil-Dri makes periodic awards of stock options and restricted stock to key management officers and employees. This policy, the components of compensation which implement it, and its administration, continued in fiscal 2003, except that the incentive bonus component continued to be modified as reflected in "Administration of the Compensation Program" below.

At present compensation levels, and given the performance based nature of the Company's stock option plan, limitations on federal income tax deductibility of a top officer's compensation in excess of \$1,000,000 have no impact. In general, the Company favors the preservation of tax deductibility, but reserves the right to reconsider this position.

COMPENSATION COMPONENTS

Cash compensation for non-sales employees has two components, base salary and annual incentive bonus. (Sales employees generally have a third component - bonus related to sales objective.) Each fiscal year management makes recommendations to the Compensation Committee regarding the corporate and divisional targets and individual objectives that will be components of the annual incentive bonus, and their relative weighting. The components and their weighting may vary from year to year and also may vary among different groups of employees. Commencing in fiscal 2001, management has recommended each year, and the Compensation Committee has approved, that the only target to be used would be corporate pre-tax income with a requirement for attainment of certain minimums, including meeting all debt covenants. All salaried employees (including the executive officers) then receive an incentive bonus at fiscal year end that is dependent upon performance as measured against the targets set. No individual bonus of more than 200% of individual target bonus can be paid. The Company has a number of salary grades reflecting differing levels of responsibility. For each salary grade, a minimum and maximum salary range is established based on a survey of comparable-sized companies. Incentive compensation is a target bonus equal to a percentage of the individual's annual base salary. This percentage is determined by the salary grade which reflects the level of responsibility and expected contribution of the position to the Company's financial results. For the individual's target to be fully achieved, Oil-Dri must meet projected overall corporate financial goals which are reviewed by the Compensation Committee. Minimum and maximum payouts are set in relation to the achievement of these goals. For salaried non-exempt employees, if the Company meets its minimum corporate performance targets and any bonus is paid based on corporate performance, a corporate incentive bonus equal to the full target bonus is paid to each salaried non-exempt employee. These employees will receive no more than 100% of target bonus.

The annual incentive plan is designed to require communication to employees of expectations for Company performance and for potential individual rewards, so as to link Company performance and total annual pay. It provides for broad based participation, so that each salaried employee recognizes that he or she can contribute to the Company's success.

ADMINISTRATION OF THE COMPENSATION PROGRAM

During the year there is a review of employee performance and progress. At least once a year employee performance is documented and plans for employee development are discussed. At that review the employee's salary is reviewed and, based on the position of the salary within the salary range and the performance of the individual, a base salary change may, but will not necessarily, be recommended. On the basis of that review, any adjustment to reflect the employee's performance for incentive bonus is also determined.

The Compensation Committee reviews and generally oversees the Company's compensation program. The Company reviews with the Compensation Committee the prior year's actual salaries for the various base salary ranges and incentive bonus targets, and reviews the base salary ranges and the target bonus percentages for the coming year. In reviewing target bonus percentages for the coming fiscal year the Company presents its earnings expectations for that year. Company recommendations for stock option grants and restricted stock grants to be made from time to time are reviewed with, and approved by, the Compensation Committee.

For fiscal 2003 (and for fiscal 2004) the Company recommended, and the Compensation Committee approved, that the incentive bonus be based solely on a corporate pre-tax income target with a requirement for attainment of certain minimums, including meeting all debt covenants, before any incentive bonus could be paid.

1995 LONG-TERM INCENTIVE PLAN

During fiscal 2003, additional stock option grants were made under the Company's 1995 Long-Term Incentive Plan by the Compensation Committee. The vesting period for the options granted was five years with 25% of the shares becoming exercisable on the second anniversary of the grant date and an additional 25% on the third, fourth and fifth anniversaries.

COMPENSATION OF PRESIDENT AND CHIEF EXECUTIVE OFFICER

At its September 2002 meeting, the Committee had reviewed and set fiscal 2003 compensation for Mr. Daniel S. Jaffee at a salary of \$285,000, with an incentive bonus plan opportunity of 50% of base salary if a 100% bonus is paid under that plan. In doing so it considered his performance and achievements as President and Chief Executive Officer during fiscal 2002 and market data concerning incentive bonus compensation. At its September 2003 meeting, the Committee approved management's proposal that for fiscal 2004, Mr. Jaffee's compensation be set at \$300,000, with continued participation in the incentive bonus plan at the same level as the prior fiscal year. In approving this increase in compensation the Committee considered Mr. Jaffee's performance and achievements as President and Chief Executive Officer during fiscal 2003.

REPORT OF THE AUDIT COMMITTEE
OF
OIL-DRI CORPORATION OF AMERICA

The Audit Committee consists of the following members of the Board of Directors: J. Steven Cole (Chairman), Arnold W. Donald (who succeeded Ronald B. Gordon in December 2002) and Allan H. Selig. Each member meets the independence standards presently prescribed by the New York Stock Exchange. The Board has also determined that Mr. Cole is an "audit committee financial expert" within the meaning of the rules of the Securities and Exchange Commission and that he meets the accounting or related financial management expertise standard presently required by the New York Stock Exchange.

Management is primarily responsible for the Company's financial statements and reporting process, including its system of internal controls. The Company's independent accountants are responsible for auditing the Company's consolidated financial statements and for issuing a report on those statements. The Audit Committee oversees the financial reporting process on behalf of the Board.

The Audit Committee met five times during the fiscal year ended July 31, 2003. In three of those meetings, it reviewed the fiscal 2003 quarterly financial statements and related news releases with management and with Pricewaterhouse Coopers LLP, the Company's independent accountants.

At its meeting on September 23, 2003, the Audit Committee discussed the audited financial statements for fiscal year ended July 31, 2003, including discussion of any significant accounting issues, with management, including the Company's chief financial officer, and with the Company's independent accountants. In those discussions, the Audit Committee reviewed with the independent accountants, to the extent applicable, the matters required to be discussed by Statement of Auditing Standards Nos. 61 and 90 (Required Communications with Audit Committees) and relevant new Financial Accounting Standards affecting the audited financial statements. The Audit Committee also reviewed and discussed with the independent accountants their independence from the Company, including the effect of non-audit services they performed. The Audit Committee received from the independent accountants the written statement required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The independent accountants advised the Audit Committee that their audit included procedures designed to provide reasonable assurance for detection of illegal acts that would have a direct and material effect on the determination of financial statement amounts and procedures designed to identify related party transactions that are material to the financial statements or otherwise require disclosure in those statements. The Audit Committee received a report on pending litigation and other legal matters from the Company's general counsel. The Audit Committee also discussed with management and the independent accountants their comments on the Company's internal controls and compliance with those controls. It met separately with the independent accountants and then separately with management, including the Company's chief financial officer, to discuss their respective views of the conduct of the audit and of any problems encountered. Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements for fiscal year 2003 be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2003. The Audit Committee also appointed PricewaterhouseCoopers, LLP as independent accountants for the fiscal year ending July 31, 2004 and resolved that the appointment be presented to the stockholders for ratification at the 2003 annual meeting. The Audit Committee reviewed and discussed a draft of the Company's proposed news release announcing its fiscal 2003 results, and reviewed a preliminary draft of the Company's Annual Report on Form 10-K, copies of which had previously been furnished to the Audit Committee.

On October 9, 2003, the Audit Committee reviewed and approved a revised Audit Committee Charter and presented it to the Board which approved it at a meeting that same day. The Audit Committee also reviewed an updated draft of the Company's report on Form 10-K. A copy of the Audit Committee Charter, as revised, appears as Exhibit A to this Proxy Statement.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

PricewaterhouseCoopers, LLP did not render any services relating to financial information systems design and implementation for the fiscal year ended July 31, 2003.

ALL OTHER FEES

The aggregate fees, including expenses reimbursed, billed by PricewaterhouseCoopers, LLP for services rendered to the Company, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees," for the fiscal year ended July 31, 2003, were \$202,280 and included tax services of \$200,780 and audit related services of \$1,500.

The Audit Committee has determined that the provision of non-audit services was compatible with maintaining the independence of PricewaterhouseCoopers, LLP.

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers, LLP as the Company's independent auditors for the year ending July 31, 2004, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers, LLP audited the Company's financial statements for the fiscal year ended July 31, 2003. A representative of PricewaterhouseCoopers, LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers, LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers, LLP to the stockholders for ratification as a matter of responsible corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers, LLP.

The Board of Directors recommends a vote "FOR" Proposal 2 to ratify the selection of PricewaterhouseCoopers, LLP.

OTHER INFORMATION

CHANGE OF INDEPENDENT PUBLIC ACCOUNTANTS

Blackman Kallick Bartelstein, LLP ("Blackman Kallick") served as the Company's independent public accountants for the fiscal year ended July 31, 2002. On October 16, 2002, Blackman Kallick was advised that it would not be engaged to audit the Company's financial statements for its fiscal year ending July 31, 2003, and that PricewaterhouseCoopers, LLP would be engaged to do so.

The decision to recommend to the Board that the Company's independent public accountants be changed was made by the Company's Audit Committee based on its determination that PricewaterhouseCoopers, LLP would provide the Company with greater expertise, depth of resources, and experience in auditing public companies to meet today's, and future, heightened legislative and regulatory requirements. The recommendation was then reported to the Board which discussed and affirmed it.

The independent auditor's report of Blackman Kallick for each of the Company's fiscal years ended July 31, 2001 and July 31, 2002 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's fiscal years ended July 31, 2001 and July 31, 2002, and the subsequent interim period preceding the termination of Blackman Kallick, there were no disagreements with Blackman Kallick (whether resolved to Blackman Kallick's satisfaction or not so resolved) on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure which, if not resolved to Blackman Kallick's satisfaction, would have caused it to make reference to the subject matter of the disagreement in its report.

Blackman Kallick did not advise the Company during the Company's fiscal years ended July 31, 2001 and July 31, 2002, or in the subsequent interim period through October 16, 2002:

- A. that internal controls necessary for the Company to develop reliable financial statements did not exist;
- B. that information had come to its attention that had led it to no longer be able to rely on management's representations, or that had made it unwilling to be associated with the financial statements prepared by management;
- C. of the need to expand significantly the scope of its audit, or that information had come to its attention during the two fiscal years or in the subsequent interim period through the date of termination, that if further investigated might (i) materially have impacted the fairness or reliability of either: a previously issued audit report or the underlying financial statements, or the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report or (ii) have caused it to be unwilling to rely on management's representations or be associated with the Company's financial statements; or
- D. that information had come to its attention that it had concluded materially impacts the fairness or reliability of either (i) a previously issued audit report or the underlying financial statements, or (ii) the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report.

As required, the Company provided Blackman Kallick with a copy of the foregoing disclosure and requested that it furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the statement made by the Company and, if not, stating the respects in which it disagrees. Blackman Kallick's letter was filed as an exhibit to the Company's Current Report on Form 8-K filed October 18, 2002.

On October 16, 2002, PricewaterhouseCoopers, LLP was engaged as the independent accountant to audit the Company's financial statements for its fiscal year ending July 31, 2003. Prior to that engagement the Company had not consulted with PricewaterhouseCoopers during the Company's fiscal years ended July 31, 2001 and July 31, 2002, or in the

subsequent period through October 16, 2002, on any matter regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements.

PURPOSE

The Audit Committee is appointed by the Board of Directors (the "Board") of Oil-Dri Corporation of America to assist the Board in monitoring (1) the accounting and financial reporting processes of, and the integrity of, the financial statements of Oil-Dri Corporation of America and its subsidiaries (collectively, "Oil-Dri" or the "Company"), (2) the compliance by Oil-Dri with legal and regulatory requirements and Oil-Dri policies, and (3) the independence and performance of Oil-Dri's independent auditor.

The members and the Chairman of the Audit Committee shall be appointed by the Board. The Audit Committee shall meet when called by the Chairman, but at least four times a year.

DUTIES AND RESPONSIBILITIES

While the Audit Committee has the responsibilities and powers set forth in this Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that Oil-Dri's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor. Nor is it the duty of the Audit Committee to conduct investigations (unless otherwise authorized to do so by the Board), to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and Oil-Dri's policies.

The Board and Audit Committee have the ultimate authority and responsibility to select, appoint, evaluate and, where appropriate, replace the independent auditor. The Board and the Audit Committee may nominate the independent auditor for stockholder approval, or may submit their appointment of the independent auditor for stockholder ratification, in any proxy statement. The independent auditor is ultimately accountable to the Board and the Audit Committee, as representatives of Oil-Dri's stockholders.

To fulfill its duties and responsibilities, the Audit Committee shall:

- Meet at least quarterly with the Chief Financial Officer, the Principal Accounting Officer and the independent auditor, in separate executive sessions if the Audit Committee so determines.
- Assist the Board in satisfying its responsibilities to the stockholders with respect to matters relating to Oil-Dri's accounting, financial reporting, audit, legal compliance, and internal control over financial reporting.

Internal Control Over Financial Reporting

- Review with management and the independent auditor the quality and adequacy of the Company's internal control over financial reporting, and report the results of the review to the Board.

- Review, and advise the Board with respect to, Oil-Dri's policies and procedures regarding compliance with applicable laws and regulations and with the Company's Code of Ethics and Business Conduct.

Financial Reporting Process

- Review the annual audited financial statements with management, including major issues regarding accounting and auditing principles and practices as well as the adequacy of internal control over financial reporting that could significantly affect Oil-Dri's financial statements.
- Review with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of Oil-Dri's financial statements.
- Review with management and the independent auditor Oil-Dri's quarterly financial statements and press release prior to release of quarterly earnings, including the results of the independent auditor's review of the quarterly financial statements.
- Review with management and the independent auditor Oil-Dri's major financial risk exposures and the steps management has taken to monitor and control such exposures.
- Review major changes to Oil-Dri's accounting principles and practices as suggested by the independent auditor, internal auditors or management.

Review of Process for Company Compliance with Laws, Regulations and Policies

- Review with Oil-Dri's General Counsel, at least quarterly, legal matters that may have a material impact on the financial statements, Oil-Dri's compliance policies and any material reports or inquiries received from regulators or governmental agencies.
- Receive from the Company's Chief Executive Officer and Chief Financial Officer the quarterly certifications of financial statements and their certification of their report on their evaluation of internal control over financial reporting.
- Establish procedures by which the Audit Committee can receive confidentially and address complaints regarding accounting, internal control over financial reporting or auditing issues.
- Review with management and the independent auditor any correspondence with regulators or governmental agencies, any employee complaint, or any published report, that raises any material issue regarding the Company's financial statements or accounting policies.

Independent Auditor

- Appoint the independent auditor, which firm is ultimately accountable to the Audit Committee and the Board.

- Review the appointment and replacement of the senior auditing executives.
- Approve the fees to be paid to the independent auditor for audit services.
- Approve, specifically and in advance or pursuant to written pre-approval policies and procedures established by the Audit Committee, all auditing and (except as exempted by law or regulation), any non-auditing service, including tax services, for which the independent auditor or other registered public accounting firm is engaged.

- Receive from the independent auditor a formal written statement delineating all relationships between the independent auditor and Oil-Dri (consistent with Independence Standards Board Standard 1).
- Receive periodic reports, at least annually, from the independent auditor regarding the auditor's independence, discuss such reports with the independent auditor, including discussion of any disclosed relationships or non-audit services that may impact the objectivity and independence of the auditor, and take appropriate action to satisfy itself of the independence of the auditor.
- Review with management and the independent auditor, prior to the commencement of the audit, proposed planning, staffing and budget for the audit.
- Discuss with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit.
- Obtain reports from the independent auditor with respect to any audit of all critical accounting policies and practices to be used; all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management officials of the Company, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and other material written communications between the independent auditor and the management of the Company, such as any management letter or schedule of unadjusted differences.
- Obtain reports from management and the independent auditor that the Company's subsidiary/foreign affiliated entities are in conformity with legal requirements and the Company's Code of Ethics and Business Conduct.
- Obtain reports from management and the independent auditor with regard to any transactions with Oil-Dri insiders or affiliates.
