#### Oil-Dri Announces Fourth Quarter and Fiscal Year 2009 Results

CHICAGO – (October 9, 2009) – Oil-Dri Corporation of America (NYSE: ODC) today announced increased net income and net sales for the fiscal year ended July 31, 2009.

The Company reported net sales for the fiscal year of \$236,245,000, a 2% increase compared with net sales of \$232,359,000 for the previous fiscal year. Net income for the fiscal year was \$9,586,000, or \$1.32 per diluted share, a 6% increase compared with net income of \$9,039,000, or \$1.25 per diluted share, for fiscal 2008.

Net sales for the fourth quarter were \$55,934,000, a 6% decrease compared with net sales of \$59,505,000 in the same quarter one year ago. The Company reported net income for the quarter of \$2,552,000, or \$0.35 per diluted share, a 3% increase compared with net income of \$2,453,000, or \$0.34 per diluted share, in the same quarter one year ago.

#### FOURTH QUARTER AND FISCAL YEAR REVIEW

President and Chief Executive Officer Daniel S. Jaffee said, "While our net sales declined in the fourth quarter, we are encouraged by our year-end results and our concerted efforts to control expenses and sell higher margin products. Our balance sheet remains strong, allowing us to reduce debt and pay dividends while investing heavily in capital projects.

"Overall our business remains healthy as indicated by the following key metrics. We continue to make steady progress in light of the challenging economy and are pleased to have increased the dividend for the sixth consecutive year and invested in new products while supporting sales of existing business."

<sup>\*</sup>Net income per diluted share reflects the five-for-four stock split effected on September 8, 2006.

#### **B**USINESS REVIEW

Net sales for the Company's Business to Business Products Group were \$76,049,000 and group income was \$14,948,000 for the fiscal year. Net sales for the quarter were \$17,208,000 and group income was \$2,957,000. Net sales and unit volume were down for Pro's Choice, Flo-Fre, Pure-Flo and ConditionAde products for the fiscal year and fourth quarter. Net sales were up for Agsorb, Ultra-Clear products in the fiscal year and quarter. The new Calibrin products also contributed to the Group's results for the fiscal year and quarter.

Net sales for the Company's Retail and Wholesale Products Group were \$160,196,000 and group income was \$17,007,000 for the fiscal year. Net sales for the quarter were \$38,726,000 and group income was \$5,099,000. Net sales were up for Cat's Pride branded and private label cat litters for the fiscal year. The worldwide economic slowdown led to decreased net sales of industrial and automotive products in the United States and net sales and unit volume declines in Canada and the United Kingdom.

#### FINANCIAL REVIEW

On June 9, 2009, Oil-Dri's Board of Directors declared quarterly cash dividends of \$0.15 per share of outstanding Common Stock and \$0.1125 per share of outstanding Class B Stock. The dividends were payable September 4, 2009 to stockholders of record at the close of business on August 21, 2009. At the July 31, 2009 stock closing price of \$15.75 per share and assuming cash dividends continue at the same rate, the annual yield on the Company's Common Stock is 3.8%.

The Company has paid cash dividends continuously since 1974 and has increased dividends annually for the past six years.

Cash, cash equivalents and short-term investments at July 31, 2009, totaled \$19,837,000. Capital expenditures for the fiscal year totaled \$15,253,000, which was \$7,847,000 more than the fiscal year's depreciation and amortization of \$7,406,000.

Other noncurrent liabilities increased significantly during the year. The increase was the result of a higher actuarially calculated benefit obligation and lower plan asset values for the Company's defined benefit pension plan.

Capital expenditures in the fiscal year were significantly greater than in previous fiscal years due to construction of a new plant in Ripley, Mississippi at which the Company will manufacture its new Verge engineered granules.

The effective tax rate was 28% of the pre-tax income in fiscal 2009 versus 26% in fiscal 2008. The effective tax rate was higher in fiscal 2009 due to higher income, a lower deduction for mining depletion due to reduced tonnage and an unfavorable tax impact from foreign operations.

#### LOOKING FORWARD

Jaffee continued, "In June 2009 we announced that Wal-Mart would dramatically reduce the number of stores carrying our branded cat litter products. The new store counts went into effect in August 2009 and have resulted in the loss of a material amount of branded cat litter sales and related profitability with this account. We have received strong support from our other retail partners who see this as an opportunity to promote Cat's Pride and grow their cat litter sales. Only time will tell what the net effect of these changes will be on our top and bottom lines.

"We are encouraged by the growing opportunities for our newly launched products, Calibrin-A and Calibrin-Z enterosorbents. Considering the regulatory challenges for product registration and the worldwide economic slowdown, we are very pleased with the initial acceptance of these products in the marketplace.

"We also are pleased with the prospect of sales of our Verge engineered granules. These new higher margin products may help offset some of the Wal-Mart unit volume and net sales declines we expect to see in the current fiscal year. We also hope to benefit from lower fuel costs as we begin new natural gas contracts in the first quarter."
