#### Oil-Dri Announces Record Sales and Increased Earnings for the Fiscal Year ended July 31, 2007

CHICAGO - (September 25, 2007) - Oil-Dri Corporation of America (NYSE: ODC) today announced that strategic pricing and expanded distribution of private label cat litter contributed to record sales for both the fourth quarter and the fiscal year ended July 31, 2007. Improved manufacturing productivity and cost reduction programs drove increased earnings in both periods as well.

The Company reported net sales for the fiscal year of \$212,117,000, a 3% increase compared with net sales of \$205,210,000 for the previous fiscal year. Net income for the fiscal year was \$7,660,000, or \$1.09 per diluted share, a 49% increase compared with net income of \$5,259,000, or \$0.73 per diluted share, for fiscal 2006.

Net sales for the quarter were \$54,159,000, a 5% increase compared with sales of \$51,694,000 in the same quarter one year ago. The Company reported net income for the quarter of \$2,051,000 or \$0.29 per diluted share, an 81% increase compared with net income of \$1,141,000, or \$0.16 per diluted share, in the same quarter one year ago. During this year's fourth quarter, the Company received proceeds from key man life insurance policies, on former employees, that were put in place many years ago. This resulted in the Company recording non-recurring income of \$389,000 or \$0.06 per diluted share during the quarter.

#### Fourth Quarter and Fiscal Year Review

President and Chief Executive Officer Daniel S. Jaffee said, "We are pleased with the results of our fourth quarter and fiscal year. Throughout the year our team has been diligent in implementing our strategic pricing program, identifying cost savings opportunities and improving plant efficiencies. All of these factors have contributed to increased sales growth and improved margins over last year. While our gross margins have not yet returned to their pre-Hurricane Katrina levels, we are satisfied with the steady progress that has been made in at least partially recovering the huge increase in energy costs which followed that devastating storm.

"As indicated in the following chart, our net sales per ton have increased steadily over the last five years. This pricing strategy is consistent with our corporate mission of creating value from sorbent minerals".

Net sales for the fiscal year were \$142,505,000 and group income was \$16,162,000. Net sales in the quarter and the fiscal year increased as a result of a combination of strategic pricing and expanded private label cat litter distribution. Net sales for the Company's **Business-to-Business Products Group** were \$16,553,000, and group income was \$2,846,000 in the fourth quarter. Jaffee said, "In the coming fiscal year we will continue to focus on our long-term strategy for growth by strengthening our core businesses while investing in new product development. Our future growth is dependent upon our ability to deliver new and innovative products and we are committed to making that happen while staying true to our mission. In addition, we will remain focused on manufacturing process improvements and cost saving initiatives."
