Oil-Dri Announces Second Quarter and Six-Month Results

CHICAGO – (March 10, 2009) – Oil-Dri Corporation of America (NYSE: ODC) today announced that net sales for the second quarter were \$59,130,000, a 2% increase compared with sales of \$58,026,000 in the same quarter one year ago. The Company reported net income for the quarter of \$2,372,000, or \$0.33 per diluted share, a 14% increase compared with net income of \$2,089,000, or \$0.29 per diluted share, in the same quarter one year ago.

Net sales for the six-month period were \$122,258,000, an 8% increase compared with net sales of \$113,311,000 in the same period one year ago. Net income for the six-month period of \$4,618,000, or \$0.64 per diluted share was, flat compared with \$4,573,000, or \$0.64 per diluted share, in the same period last fiscal year.

Second Quarter Review

President and Chief Executive Officer Daniel S. Jaffee said, "We are satisfied with our results in light of current economic conditions. During the second quarter we experienced sales growth in the Retail and Wholesale Products Group, in particular with our private label products, where consumers are taking advantage of lower priced cat litter. The Business-to-Business Products Group, however, experienced lower net sales due to market conditions and competitive challenges.

"Our gross profit margin for the quarter was up 0.5% from last year, but for the six months we have seen our margins shrink by 1.1%, finishing this period at 19.9%. We are sensitive to how the economy is impacting our customers and, as always, take a long-term approach to relationship building; therefore, we do not feel this is the appropriate environment in which to aggressively repair our profit margins"

Business Review

Net sales for the Company's Retail and Wholesale Products Group were \$40,926,000 and group income was \$4,053,000 in the second quarter. Net sales for the six-month period were \$83,409,000 and group income was \$7,215,000. In the quarter, sales of private label cat litter were strong in both units and dollars. Sales of industrial and automotive products were down in units and flat in dollars due to the slow down in the manufacturing sector.

Net sales for the Company's Business-to-Business Products Group were \$18,204,000 and group income was \$3,480,000 in the quarter. Net sales for the six-month period were \$38,849,000 and group income was \$7,906,000. In the quarter, sales were down across all product lines in both units and dollars with the exception of co-packaged cat litter products. A combination of foreign currency exchange rates, global economic factors, higher than normal product inventories of animal health products and aggressive competitive pricing negatively impacted net sales and volume growth.

Financial Review

On December 9, 2008, Oil-Dri's Board of Directors declared quarterly cash dividends of \$0.14 per share of outstanding Common Stock and \$0.105 per share of outstanding Class B Stock. The dividends were paid on March 6, 2009 to stockholders of record at the close of business on February 20, 2009. At the January 30, 2009 closing price of \$16.05 per share and assuming cash dividends continue at the same rate, the annual yield on the Company's Common Stock is 3.5%.

The Company has paid cash dividends continuously since 1974. The Company's Board of Directors has increased dividends annually for the past five years.

During the quarter, the Company repurchased 300 shares of Common Stock at an average price of \$16.24 per share. Cash, cash equivalents and short-term investments at January 31, 2009, totaled \$16,766,000. Capital expenditures for the six-month period of \$7,757,000 include strategic investments primarily related to new product development. Capital expenditures in this period were \$4,073,000 more than depreciation and amortization of \$3,684,000.

Looking Forward

Jaffee continued, "While we are pleased that the markets we serve have been relatively stable, we remain diligent in managing our expenses and using our resources wisely. We will continue to invest in our business where we believe our return will give us the greatest long-term benefit."
