Daniel S. Jaffee stated, "With the recent passing of my father, the Board of Directors has appointed me as Chairman. I am humbled and honored to assume the role and to continue growing Oil-Dri in my father and grandfather's legacy.

With respect to financial results, our strategy to focus on value-added products continued to demonstrate success. Year to date sales were an all-time record for the first six months of a fiscal year.

The reduction in net income detailed above was significantly impacted by a one-time \$5,091,000 tax expense adjustment to reflect the impact on deferred income tax assets under the 2017 Tax Cut and Jobs Act. The tax expense adjustment effectively reduced diluted net income per share by \$0.69 for the first six months of fiscal 2018.

We saw strong performances by all business to business products and private label cat litter. Sales of our granules used for agricultural carrier applications increased approximately 50% during the quarter. Sales of our Amlan animal health products increased, specifically in Latin America. Fluids purification products sold to edible oil, petroleum and biodiesel producers also increased in the quarter.

We launched the Cat's Pride Litter for Good campaign late in the quarter and are excited about the traction gained so far. Now, with every purchase of a Cat's Pride Fresh & Light jug, we will be donating a pound of litter to shelters across America. To date, we have increased our Cat's Pride Club membership exponentially, received thousands of shelter nominations and promised 435,178 pounds of litter donations all helping to reach our goal of donating five million pounds of litter in 2018.

For more details on our financial results and tax adjustment, please review the Form 10-Q that was filed today and join us for our next earnings teleconference on March 12th. Call details are available on our website's 'Events' page."
