Oil-Dri Announces Third Quarter And Nine-Month Results

CHICAGO – (June 7, 2011) – Oil-Dri Corporation of America (NYSE: ODC) today announced net sales for the third quarter of \$55,538,000, a 1% decrease compared with net sales of \$56,259,000 for the same quarter of the previous year. Net income for the third quarter was \$1,860,000, or \$0.26 per diluted share, a 26% decrease compared with net income of \$2,586,000, or \$0.35 per diluted share, in the same quarter one year ago.

Net sales for the nine-month period were \$169,024,000, a 3% increase compared with net sales of \$164,397,000 in the same period one year ago. Net income for the nine-month period was \$6,156,000, or \$0.86 per diluted share, a 10% decrease compared with net income of \$7,042,000, or \$0.96 per diluted share, in the same period one year ago.

THIRD QUARTER BUSINESS REVIEW

President and Chief Executive Officer Daniel S. Jaffee said, "This quarter's results were disappointing with both reporting segments showing sales, volume and income declines. The Business to Business Products Group results were negatively impacted by reduced demand for bleaching clays and animal health products sold in international markets.

"Overall sales declines in the Retail and Wholesale Products Group were driven by decreased unit volume of private label coarse cat litters. Our foreign subsidiaries in Canada and the UK also recorded sales declines.

"We continue to incur higher costs for freight, packaging and materials. Higher costs for diesel fuel, resin and paper were key contributing factors that have negatively impacted margins in the quarter.

"This year we have made substantial investments in developing a new consumer product. We expect that development for this new product will be completed in this fiscal year and anticipate the product launch in early fiscal 2012. Marketing and brand development costs were nearly \$400,000 in the quarter, with additional capital investment incurred."

THIRD QUARTER SEGMENT REVIEW

Net sales for the Company's **Business to Business Products Group** in the third quarter were \$18,406,000, a 1% decrease from net sales in the same quarter one year ago. Group income was \$4,819,000, a 13% decrease from the same quarter one year ago. Net sales and unit volume declines of bleaching clays and animal health products in international markets drove the product groups' results in the quarter. Bleaching clay sales were down due to reduced product usage for biodiesel applications. International distributor changes weakened sales of animal health products. Increased sales of agricultural chemical carriers were driven by higher prices and increased unit volume. Interest in Verge granules continues to grow but manufacturing costs have been higher than anticipated contributing to reduced group income in the quarter. Group income was also negatively impacted by higher operating costs for freight, materials and packaging.

Net sales for the Company's **Retail and Wholesale Products Group** in the third quarter were \$37,132,000, a 1% decrease from net sales in the same quarter one year ago. Group income was \$2,311,000, a 27% decrease from the same quarter one year ago. Net sales and unit volume of private label cat litters were down. Net sales of industrial floor absorbents and sports turf products were relatively flat compared to the same quarter one year ago. Group income in the quarter was negatively impacted by significant increases in operating costs for freight, materials, packaging, and new product marketing.

FINANCIAL REVIEW

Cash, cash equivalents and short-term investments at April 30, 2011 totaled \$36,205,000. Capital expenditures for the fiscal year to date totaled \$10,210,000, which is \$3,898,000 more than the fiscal year's depreciation and amortization of \$6,312,000.

On March 11, 2011, Oil-Dri's Board of Directors declared quarterly cash dividends of \$0.16 per share of outstanding Common Stock and \$0.12 per share of outstanding Class B Stock. The dividends were paid on June 3, 2011 to stockholders of record at the close of business on May 20, 2011.

At the end of the third quarter, the annualized dividend yield on the Company's Common Stock was 2.9%, based on the quarter's stock closing price of \$22.09 per share and the latest cash quarterly dividend of \$0.16. The Company has paid cash dividends continuously since 1974 and has increased dividends annually for the past seven years.

During the third quarter, the Company repurchased 14,218 shares of Common Stock at an average price of \$19.73 per share. At the end of the third quarter, the Company's repurchase authorization had 366,877 shares of Common Stock remaining.

LOOKING FORWARD

Jaffee continued, "We are excited about our new consumer product that is scheduled to launch in early fiscal 2012. This has negatively impacted this year's results and we do not expect this product to positively contribute to earnings in the coming fiscal year, as we will continue to invest heavily in promotional activity to support the product launch. We are making meaningful investment in the future growth of the company, which we expect to increase profits in fiscal 2013 and beyond.

"At the end of the third quarter we received increased orders for our Cat's Pride cat litter from our largest customer. We expect that our points of distribution with this customer will reach levels comparable to those during fiscal 2009 and that they will have a positive impact on our branded sales in the fourth quarter and beyond.

"We have filled two key senior management positions to support the growth and development of our business to business and international consumer products. Steve Adolph joined the company to manage the Business-to-Business Products Group and our international subsidiaries in Canada and the UK. His experience in international product development and marketing will be fundamental to the success of these business units. Kevin Hayes was hired as the Global Sales Director for Amlan International, the company's animal health division."

Oil-Dri will release third quarter earnings on June 7, 2011 and hold its third quarter teleconference a few days later on June 17, 2011 at 10:00am CT, to accommodate our participants' schedules. If you are unable to attend but would like to have your questions addressed during the teleconference please submit them in writing to Ronda Williams at ronda.williams@oildri.com. We will address all submitted questions during the teleconference rather than before it. To listen to the call via the web, please visit www.streetevents.com or www.siter.com. An archived recording of the call and written transcripts of all teleconferences are posted on the Oil-Dri website.
