#### Oil-Dri Announces Third Quarter Results

CHICAGO – (June 6, 2012) – Oil-Dri Corporation of America (NYSE: ODC) today announced net sales of \$59,780,000 for its third quarter ended April 30, 2012, an 8% increase compared with net sales of \$55,538,000 in the same quarter one year ago. Net income for the third quarter was \$1,892,000, or \$0.26 per diluted share, approximately equal to net income of \$1,860,000, or \$0.26 per diluted share, for the same quarter one year ago.

Net sales for the nine-month period were \$179,565,000, a 6% increase compared with net sales of \$169,024,000 in the same period one year ago. Net income for the nine-month period was \$6,206,000, or \$0.86 per diluted share, approximately equal to net income of \$6,156,000, or \$0.86 per diluted share, in the same period one year ago.

#### THIRD QUARTER BUSINESS REVIEW

President and Chief Executive Officer Daniel S. Jaffee said, "Third quarter results reflect increased sales for our Business to Business products group, where we continue to see unit volume growth in markets where our products aid in the growing and processing of food and in promoting animal health and nutrition. We also saw sales and unit volume growth of our branded scoopable cat litters, which benefitted from Cat's Pride Fresh & Light.

"During the quarter advertising and promotional expenses were \$2,200,000 more than the previous year's third quarter. We will spend heavily in the fourth quarter to build brand awareness and expand distribution for Cat¹s Pride Fresh & Light.

"Focus on value added products combined with overall cost management contributed to increased gross margins in the quarter from 21.4% to 24.6% versus prior year.

#### THIRD QUARTER SEGMENT REVIEW

Business to Business	Third Quarter	
	Fiscal 2012	Fiscal 2011
Net Sales	\$21,930,000	\$18,406,000
Segment Income	\$7,051,000	\$4,819,000

Net sales for the Company's **Business to Business products group** were up 19% from one year ago driven by an increase in units sold, a favorable product mix and a higher average net selling price. Net sales of products sold as carriers for corn rootworm insecticides, vegetable oil processing and animal health increased, while co-packaged cat litters were down. Segment income was up 46% in the quarter due to product mix and an increase in units sold.

Retail and Wholesale		Third Quarter	
	Fiscal 2012	Fiscal 2011	
Net Sales	\$37,850,000	\$37,132,000	
Segment Income	\$440,000	\$2,311,000	

Net sales for the Company's **Retail and Wholesale products group** were up 2% from one year ago due to increased sales of branded cat litter primarily driven by Cat's Pride Fresh & Light. Net sales for branded scoopable cat litter offset sales declines for industrial and automotive and international products. Coarse cat litter sales continued to decline. Segment income was down 81% due to spending for advertising and promotional activities to support Cat's Pride Fresh & Light, and increased costs for packaging and transportation.

#### FINANCIAL REVIEW

On March 15, 2012, Oil-Dri's Board of Directors declared quarterly cash dividends of \$0.17 per share of outstanding Common Stock and \$0.1275 per share of outstanding Class B Stock. The dividends were payable June 1, 2012 to stockholders of record at the close of business on May 18, 2012. The Company has paid cash dividends continuously since 1974 and has increased dividends annually for the past eight years.

At the end of the third quarter, the annualized dividend yield on the Company's Common Stock was 3.2%, based on the quarter's stock closing price of \$21.16 per share and the latest cash quarterly dividend of \$0.17.

Cash, cash equivalents and short-term investments at April 30, 2012, totaled \$34,692,000. Capital expenditures for the nine months totaled \$5,452,000, which was \$1,488,000 less than the nine-month's depreciation and amortization of \$6,940,000. Cash generated from operating activities was \$15,636,000.

During the third quarter, the Company repurchased 115,810 shares of Common Stock at an average price of \$21.43 per share. At the end of the third quarter, the Company's repurchase authorization had 251,067 shares of Common Stock remaining.

#### LOOKING FORWARD

Jaffee continued, "Immediately following the end of the third quarter the Company had the opportunity to buy back an additional 161,838 shares of Common Stock at an average price per share of \$20.84. We finalized these purchases between May 1-18, 2012. This reduced the total number shares authorized to repurchase to 89,229.

"On May 30, 2012, we announced the planned relocation of production of our industrial floor absorbent and cat litter products from our facility located in Mounds, Illinois to our plants located in Mississippi. The Mounds location will continue to be a source of our animal health and nutrition products. This decision was made due to the continued declines in the coarse cat litter market and after a comprehensive evaluation of our manufacturing operations and cost structure, including state regulatory requirements.

"These changes will impact up to 40 employees based in Mounds, some of whom will be considered for a limited number of positions that will be created at the Mississippi locations. Thus, the final number of terminated employees at Mounds will depend on employee relocations.

"We expect to incur a pre-tax charge of approximately \$1,700,000 related to these actions. This charge includes approximately \$1,200,000 for asset write-offs, as well as cash expenditures of approximately \$450,000 associated with severance and other employee-related costs and \$50,000 for production transfer expenses. These costs are expected to be incurred over two quarters, with a majority taking place in the fourth quarter of fiscal 2012 and a lesser amount occurring in the first quarter of fiscal 2013.

"We remain optimistic about sales and volume growth of our Cat's Pride Fresh & Light cat litters. We have increased distribution and continue to receive positive customer feedback on the product's performance.

"Through the third quarter we have expanded our gross margins through sales of higher value products and effective cost management. During the early summer months, we anticipate increased freight costs due to high demand for over-the-road transportation. We are implementing strategies to cover these costs that can negatively impact our gross margins, including the price increases to all classes of trade for both our coarse and scoopable cat litter products that we announced earlier today."

###

The Company will offer a live webcast of the third quarter earnings teleconference on Thursday, June 7, 2012 from 10:00 a.m. to 10:30 a.m., Chicago Time. To listen to the call via the web, please visit www.streetevents.com or www.oildri.com. An archived recording of the call and written transcripts of all teleconferences are posted on the Oil-Dri website.

#### Oil-Dri's Retail and Wholesale Products Group Announces Price Increases for Cat Litter

CHICAGO - (June 6, 2012) - Oil-Dri Corporation of America (NYSE: ODC) today announced price increases to all classes of trade for both coarse and scoopable cat litters effective August 2012.

The rising cost of transportation for delivered goods has significantly increased for cat litter products. As a result, Oil-Dri is raising prices to recover a portion of the margin it has lost during the past year.

President and CEO, Daniel S. Jaffee, said, "Our team has done an outstanding job holding the line on costs under our control. Unfortunately, these efforts have been dwarfed by the continuous and increasing rise in transportation costs and other purchased items. We sincerely appreciate our customers' loyalty to our brands."

Oil-Dri is committed to continuing its innovation agenda to compete with Purina's Tidy Cat, Clorox's Fresh Step and Arm & Hammer cat litters.

###

Fresh Step is a registered trademark of Clorox. Tidy Cat is a registered trademark of Nestle Purina. Arm & Hammer is a trademark of Church and Dwight Co., Inc.

Oil-Dri Corporation of America is a leading supplier of specialty sorbent products for agricultural, horticultural, fluids purification, specialty markets, industrial and automotive, and is the world's largest manufacturer of cat litter.
